Fri 1 5 DWTWSBTWOTL. 12.0 GMT Brought in the New Year ceremonially with invocatins of the Elements SPirit Fire WaterAir Earth and rededicated my life to the g.'.w.'. Shocking weather-241 all day- slept through most of it. Nose bunged up.Great gale at night. No news. Even Tredegar wrote re "Fun" after months of silence. See line 6.

Sat 2 50 Finished reconstruction, expanded, of "Old King Crowley". Louis came with his son & daughter, very pleasant. An amusing hour. Shame that I had no drik for them! Bayley here, tired out. ote on teh daily hexagrams. I do not feel sure that one swallow makes a summer,or one oyster a winter. But a flight of one,or a doezn of t'other, do.I.e. there will be a period, like that ending March 20,w hen there is hardl one moderately good hexagramin a fortnight or more; such a period (as such_ corresponds: "a run of bad luck". Usually it seems as if one trigram predominated - in this case

One bad hexagram in the middle of a good series seems harmless; one must take it that it is "on its best behaviour". Is all this right? I feel it very strongly.

Sun 3 35 Finished and copied fair "Fleurs du Mal" XXII, LXIX, LXXXII, ICIII,XCIX, this most unsatisfactory etc. Retired hurt!

of Le Gouffre- practically satisfied at alst; AND- after 42 years funking it!- translated "Unenuit que j'etais pres d'une affreuse Juive"! quite well, I think. Again I notice that my English is even more nervous & economical than Baudelaire's French; I have to fill up from CB's soul Eg Ses cheveux qui lui fout un casque parfume (12 sqll) become by 6 sqll "Her helm of perfumed hair" and I had to add "black serpents charmed" to make my pentameter.

Mon 25 43. I note that when I have been for any long time free from the sexual impulse a whole group of ideas become 'obscene' 'disgusting', 'revolting' & so on. This group includes contemplation of Yoni, (not Lingam so much) disease, accident, the spectacle of meat, the ideas of war, pain of the physical order and so on. I conclude that humanitarianism, pacifism- all such feelings- are functions of sexual weakness, atrophy, or the like. This thesis can be developed very far.

Cont from 24th: Robert Cecil here very delightful: also Ham. MAS dropped in suddenly to buy a "Fair". Chess: got tired and lost a possibly won game.

They dropped a bomb at Random (near Umbrage, which we took)
And Ga-ga-garvin wrote it in his big best-selling book:
The "Raiders Past" had sounded, & the guns began to speak;
The bomb was dropped precisely in the Middle of Next Week
The Home Guard stewed her grandson a delicious cuppa tea
Because he dug for Victory, & sported teh VC
And Alice said to Alma: "With these Canajan swines
it ain't so much advantage to 'ave Interior Lines"
But alma said to Alice: "Oh Cripes! they've rationed pants
I'm bloody well encircled, and fighting on Two Fronts."

Sat 13 29 Letter from Satirunus Jan 15. Stupid gossip from 516.
4 Ham. Pleasant. 5 JGB restful as ever 8 MAS Put him off: couldn't bear it. utterly worn out.

Sun 14 43 Plainpottering! Savage's stupid talk yesterday. people must feel very unsure of themselves if they have to insist angrily that their personal prejudices are the Immutable Decrees of the Almighty. Yet another young girl murdered. Really soldiers are not at all the kind of people to be entrusted with lethal weapons!

Mon 15 17 McNeill & Green. Crawshaw 12 1/2 More than a labm- Agneu de Panillac! 4 Archdeacon Langford to tea! Same bloke as used to lunch with Lilian- didn't know she drank 7 would hardly believe it. Louis dropped in unexpectedly. Dictated long letter to 516.

Wed 17 33 AIR/VIRGO. Got pictures from G&S- after 1 year 11 months! 19 of them: some very much beloved. Stuck them up all round as best I could. Harold & Edward both too broke to buy "Fun" ?33 Thun? 6 Harold here: read "The Saiour". Admired it immensely; of course, it is the apex of the uncommerical. He thought the pied Piper was one of the Ingoldsby legends, & tht Gordon Craig was

the son of Marie Tempest!! This brightened my evening; very timely Edward [?Bryant?]rang; bored me for 1/2 hr with disconnected drivel. Only point: says the "Queen's necklace" had 666 stones.

Thur 18 34 Found glorious howler in RLS "The Suicide Club". "On day, in the end of March"- "It was Carnival Time"!!!! Saturnus sent \$180 00/100 cables all much delayed #44.10.9. Seltp 5 till 8 1/4 AM> Tried again after breakfast- adn so on, all day long- tried every trick I know!- rested hard- all in vain. 8 PM Morrison unexpectedly from an XVI- IIo Rose Croix with the new VE & PP one Harland. This visit relaxed my nerves, & I slept from 9 1/2 - 12. Will the Bank release that estate? That is the horror in the darkness ever since first intereference. Silly, I know: but I feel 9as does Saturnus attacked) on all sides.

Thur 25 38 Still coasting along the shores of grim insanity in monsoon & fog= very like the Calcutta-Rangoon journey! Frieda rang up: she ahs been ill. I asked her to lunch. 10.3 Alert! 10 3 1/4 Raiders passed!! (It was one of our own planes).

Fri 26 51 12 1/2 Frieda very late- but she did insist on paying for the lunch! 5 Churchill with proffs- an hour late. "The Soul's Awakenig" very good. "Expectation" middling. "Interest" good, but one unlucky line. "Amusement" not bad, when pipe-stem is made visible. JGB chess.

Sat 27 9 4 Ham- raving against Telephone "Company" (!) & England. I am again sorely tempted to write the competent authority. If I felt sure that they would act, I would. But I am tired of being snubbed!

I had about 5 double whiskeys 8 1/4 Alert. lots of Brooks' Benefit. But I slept within a few minutes.

Thur 4 8. 4.24 AM Alert 5.35 RP RUSSOPHOBIA did not begin with Lenin. Kipling blantly & Conrad subtly led a choir of fear & hate: the responses were unanimous. Stephen Grahame (or Black?) was practically the only writer of note that admitted that Russia might be even interesting. The only hope of friendly understanding is through Atonement on the higher planes:- the spiritual, the worlds of Literature, Art, Music of humanity stripped of political top-hampers, and of that philosophy which finds perfect concord in and through extremes.

I often wish I could divine
What's in this funny head of mine,
This complicated tangled brain
That is ? is not? or is it? sane.
No one has ever understood
Why I was never any good,
Or why my diamond brilliance
Was dulled by causal circumstance.
To further the dear cause of Knowledge
I leave my cranium to the College
of Surgeons: they- unless too lazy-
Will find why I was three parts crazy
And on the whole a perfect daisy,
But far from our Exemplar JC
Blast! that solution won't get past
It's "sicklied o'er with the pale cast
Of doubt"- Being dead, I may not know
What engine made the damn thing go.
